All public authorities, including schools, are required under the Freedom of Information Act to adopt a publication scheme that has been approved by the Information Commissioner.

There is currently one approved model publication scheme, which has been produced by the Information Commissioner's Office (ICO).

Schools must adopt the ICO's model scheme and make it publicly available.

Schools should publish a guide to information alongside the publication scheme.

The guide should specify:

- the documents available
- the format of the documents
- any charges made for the information

The scheme covers information already published and information which is to be published in the future. If the information in our publication scheme is not available for you on our website to download and print off, then hard copies can be made available through the contact details set out below.

Some information which we hold may not be made public, for example personal information.

This publication scheme conforms to the model scheme for schools and academies approved by the Information Commissioner.
